

TREUCO

TRUST & CARE

Hong Kong Office

We provide comprehensive trust services as part of our integrated wealth, estate and succession planning. So that your wealth is secured and you can focus on creating value for generations to come.

How We Assist You

The changing legal, tax and regulatory framework demand up-to-date expertise. We assist you in optimally organising your wealth by implementing an effective legal structure that creates favourable conditions for development, which will benefit you and future generations.

We accompany you from the initial evaluation of your wealth and needs and develop jointly a comprehensive asset and succession plan. We will assume the on-going administration and thus ensure that future generations are well protected. Thanks to our extensive experience we always find the best solution for you.

Your Advantages

Our international experts develop a strategy jointly with you and take care of the implementation.

As experienced specialists and internationally-networked experts, we are able to handle the entire administration, including assuming the executive functions in trust structures, so that you can rest assured that your wealth is in good hands.

TREUCO

TRUST & CARE

Our Services

We assist you in all matters pertaining to international wealth and succession planning, including comprehensive trust services. Our services always follow an integrated approach starting with the analysis of the current situation to implementing suitable succession structures for your wealth, estate and succession planning.

- Analysing the wealth and family situation, and evaluating personal objectives.
- Assuming the entire administration including cash management, accounting and reporting.
- Assessing measures for protection against tax risks as well as adverse tax consequences.
- Assuming executive functions as trustees, protectors or directors.
- Implementing measures for protection against capital loss and disputes as well as political or economic risks.
- Overseeing asset management in terms of preservation, growth or income.
- Wealth structuring with trusts, foundations and companies.
