

TREUCO

TRUST & CARE

Liechtenstein Office

We provide individuals and companies with a set of diverse services in the areas of accounting/controlling, administrative tasks related to foundations, trusts, and/or companies as well as overall consultancy. Further, in cooperation with a liechtenstein-based fiduciary we can act as foundation council, board members, trustee, protector and/or general council for you.

How We Assist You

Together we analyse your family situation as well as your wealth. Based on your future plans, we define the appropriate measures to optimise your individual wealth planning. By doing so, we tap into our long-standing experience as well as the expertise of our national and international network of specialists in the areas of law, taxation and trust.

Your Advantages

We organise and coordinate all activities for you with skilled national and international experts, from planning to implementing a solution. With a single point-of-contact who sets up the entire project on your behalf, you will benefit from tailor-made and comprehensive solutions from one source.
